We look forward to continuing to work with him as our Fund Manager.

We see significant benefits to the conduct of our business through the changes we are announcing today. It will bring Mr. Dalal, who has many years of international experience with IL&FS in undertaking disposals of assets and equity raising at both public and private levels and wide experience of finance and asset management, into the heart of our work at an important time in our development. (Summary biographical details below).

The move will also free Mr. Kapoor to concentrate on managing our projects to ensure that they provide maximum returns to our shareholders."
